## HIGH-QUALITY LED SOLUTIONS FOR ALL YOUR NEEDS

Our mission is to provide the lighting market with innovative, standardized and certified products for the most demanding applications and to deliver the best client experience in the market. Our team of specialists is available to assist you with every step of your planning process. This is why our LED specialists in Montreal, Toronto, Vancouver, Edmonton and Calgary are committed to assist you through all the planning process with your installations, whether you need spotlights, projectors, interior or exterior fixtures, light bulbs, strip lights, or any other type of lighting solutions.

## INITIAL-LED THRIVES TO DELIVER INNOVATIVE LED SOLUTIONS FOR EVERY LIGHTING NEED

Because our low-maintenance, energy-saving LED fixtures are designed with the needs of our clientele in mind, we not only offer an innovative solution to create a constant light output, but also drive down costs while reducing your company's carbon footprint.

## WHY OUR INDUSTRIAL LAMPS?

All INITIAL-LED products are certified C.I.I., FCC, CE and RoHS and come with a 5-year warranty. New products are only made available upon certification by independent, industry-specific laboratories. All U.S. and Canadian specific products carry the CSA, EXPLOSION PROOF, DLC, cULus, UL and ETL certifications. INITIAL-LED is a high-quality manufacturer and distributor of LED lighting fixtures that provides immediate savings that can range from 50% to 90%, along with an increased luminosity output of up to 30%. Throughout the U.S. and Canada, no LED product compares to ours in terms of reliability, stability, and ease of installation.

## ADVANTAGES OF LED LAMPS

- ENERGY SAVINGS
- VERY LONG LIFESPAN
- INSTANT LIGHTING WHEN SWITCHED ON
- RESISTANT TO VIBRATION
- STANDARD LIGHT BULB CONNECTIONS AND SHAPES
- VERY LITTLE HEAT GENERATED BY THE LIGHT SOURCE
